

Day 3

Time	Topic	Content
09.30 – 09.40	Reflection on Day 2 Prof. Dr. Alexander T. Sack	
09.40 – 10:45	Optimised and Personalised TMS Depression Therapies Prof. Dr. Alexander T. Sack	Alternative Targets and Protocols Stratification of TMS Treatment SNT Protocol Accelerated TMS State-dependent TMS Therapy Combining TMS with other Interventions
10.45 – 11.00	Q&A / Short Break	
11.00 – 11.30	Precision TMS Dr. Lukas Schilberg	Coil Positioning Methods TMS Neuronavigation Individualized TMS Targeting Electric Field Modeling
11.30 – 11.45	Q&A / Short Break	
11.45 – 12.45	Combining TMS with TES Prof. Dr. Alexander T. Sack	Basic Principles of TES (tDCS and tACS) Clinical Efficacy of TES for Acute Therapies Maintenance Protocols using tDCS Remotely supervised Home-Use TES
12.45 – 13.00	Q&A	
13.00 – 15.00	Lunch Break	
15.00 – 17.00	Practical Session III	Live Demonstration from the Maastricht TMS Clinic TMS System-Specific Demonstration of Best Practises TMS Coil Positioning in Clinical Practice Training Individual Protocols
